

School of Mathematical and Natural Sciences, Arizona State University at the West campus

Arizona State University at the West campus invites applications for a tenure-track faculty position at the Assistant or Associate Professor level in Forensic Sciences.

General information:

The School of Mathematical and Natural Sciences (<http://newcollege.asu.edu/mns>) at Arizona State University's West campus is a broadly based mathematical and natural sciences unit that encompasses biology, chemistry, physics, forensics, mathematics, computing, and statistics. The School offers a B.S. degree in Life Sciences with concentrations in Environmental Science and Forensics, as well as a B.S. degree in Forensics, launched in Fall 2013. The School emphasizes hands-on experience for undergraduates in faculty research programs and internships. The School is housed in the New College of Interdisciplinary Arts & Sciences (<http://newcollege.asu.edu>), a unique liberal arts college with R1 research university resources. Faculty can participate in university-wide graduate programs. The successful candidate will be expected to teach classes, including upper division specialty courses in the Forensics Program; to establish a vigorous, externally-funded program of research in which undergraduates participate; coordinate efforts with the Program Director to accredit the Forensics degree programs through the Forensic Science Education Programs Accreditation Commission (FEPAC); and to contribute service to the university. The School is committed to recruiting and retaining students and faculty from groups that have historically been underrepresented in the natural sciences.

Required Qualifications:

1. Ph.D. (or equivalent) in Biochemistry, Chemistry, or other discipline germane to the Forensic Sciences.
2. Record of scholarly activity in the Forensic Sciences.
3. Ability to contribute to School service.
4. Commitment and ability to work with a diverse student population.

Desired Qualifications:

1. Postdoctoral experience.
2. Experience mentoring undergraduates in research.
3. Experience developing new courses.
4. Experience acquiring FEPAC accreditation.

Application procedure:

Send the following items electronically to Jamie.Howell@asu.edu: 1) letter of application; 2) a statement describing teaching philosophy and experience; 3) statement describing current and future research plans; 4) unofficial transcripts; and 5) curriculum vitae with contact information, including telephone number and e-mail address. Please arrange for three letters of professional reference to be

sent via email to: Jamie.Howell@asu.edu. *Applicants should reference position #10521 in their application.*

Appointments will be at the assistant or associate professor rank commensurate with the candidate's experience and accomplishments, beginning August 2014.

Application deadline: December 6, 2013; if not filled, reviews will occur every two weeks thereafter until search is closed.

All offers of employment are contingent upon the successful outcome (as determined by the university) of the pre-employment screening activities, including a criminal history check (or a fingerprint check), under Arizona Board of Regents policy 6-709.

Arizona State University is an equal opportunity/affirmative action employer. Women and minorities are encouraged to apply. ASU's complete non-discrimination statement may be found at: <https://www.asu.edu/titleIX>.
